IKE STEERING CLEAR OF TRUMAN-MAC TIFF

Legion Needs More Toys for Yule Party

BUSILY FIXING AND PREPARING THE TOYS for the American Legion Christmas party to be held Dec. 23 for 200 children in Fayette County from less fortunate homes are members of the Legion. Left to right are (starting with his back to the camera) Bill Marshall, Charlie Burke (seated), Francis Morgan (seated), Dr. Charles Pfersick (standing back of Burke), Walter Hutton, Paul Southers, Sammy Doud, Commander Bill Stoughton, Eddie Jones, Cecil West (seated), Norris Highfield, Stuart Brock, Eugene Ladrack (seated far right), Fred Denison and Herb Wilson.

More and more toys are still needed for the big Christmas party for 200 boys and girls from less fortunate homes of the city and county to be given by the American Legion post and its Women's Auxiliary in the Legion Hall here Dec. 23.

Post commander Bill Stoughton said "quite a few toys have been brought into the Legion but a lot more are still needed to give out to the 200 boys and girls."

The Legion is asking that anyone who has toys or clothing that have been discarded or outgrown to bring them in, whether they are in good condition or not.

Many of the Legionnaires are spending about three hours every night at the Legion Hall fixing and

repairing the toys that need work done on them.

Letters have been sent out by Com. Stoughton to all the Legionnaires requesting at least one toy be brought in by each member or a dollar if they don't have any toys.

Com. Stoughton went on to say "this does not only go for members of the American Legion, but anybody else in the county who

would like to help contribute to the party by either giving toys or a dollar.

The toys are to be taken to the Legion Hall or if the donors are unable to bring them in, someone from the Legion or the Auxiliary will come and get them. Donors may call Mrs. Howard Mace (57182 or 29701), Mrs. Eddie Jones (9771) or Dr. Charles

Pfersick (9901 or 35841) to get in on the party.

The host organizations also have extended an invitation to the public to come to the Legion Hall any night to help repair and brighten the toys.

Some of the women of the Auxiliary have volunteered to help paint and wash the toys in the afternoons.

The party will begin at 3:30 P. M. after the youngsters get out of school. Guests at the party are to be between 6 and 10 years old.

The afternoon of the party, Santa Claus is to take over as the master of ceremonies. He will give the young guests toys, candy and fruit to take home and his helpers will give them ice cream and cake for the party refreshments.

The younger kiddies have not been forgotten either in the planning for the Christmas party. Since they would not be big enough to get to the party, the Legion and Auxiliary are to take similar gifts to them at their homes the day before Christmas.

Kerosene Truck Smashes Auto

CINCINNATI (AP)—One man was hurt critically and several others slightly today when a large kerosene laden truck crashed into an automobile at a street intersection.

Sam Slade, 25, was said at General Hospital to be in critical condition from a possible skull fracture and other injuries.

William M. Price, 60, driver of the 5,200 gallon tank-truck, said his breaks failed.

Police were told the truck crashed into the automobile while it was stopped at an intersection, locked bumpers and crushed it against an embankment.

Farm Bureau Opposes Curbs, Federal Sale Of Electricity

SEATTLE (AP)—Elimination of wage and price controls, a curb on the federal sale of electric power and return of tidelands control to coastal states were demanded in closing sessions of the American Farm Bureau Federation convention here Thursday.

The delegates also endorsed flexible farm price support and criticized monopolistic power by "industry, labor, agriculture or the government itself."

Labor came in for a separate going over in a report on labor-management relations which noted what it called the trend toward labor monopoly.

The attack on price and wage controls came in a section of the committee's report devoted to national economic policies. The controls, it said, "have no place in this co-ordinated attack on the inflation problem. Price and wage controls impede the control of in-

Peacemaking Urged To End Truman-MacArthur Squabble

WASHINGTON (AP)—Congressmen studied the current Truman-MacArthur squabble over finding a solution to the current Korean war and one of them declared:

"Someone ought to do some peacemaking and bring these men together. There should be no controversy about whether and when to consider any plan to bring this war to an end."

Along this same line of thinking, Sen. Hunt (D-Wyo.) today proposed an immediate extraordinary session of the Senate Armed Services Committee to look into Gen. Douglas MacArthur's views on ending

the Far East conflict.

President Truman, with some barbed remarks about both MacArthur and President-elect Eisenhower, rejected Thursday another senator's suggestion that he call the two men to the White House to discuss Korea.

Truman said, among other things, he doubts MacArthur has hit upon any new way to peace, or that he still thinks Eisenhower's campaign announcement that he would go to the Korean war zone was demagoguery.

Truman's words drew some GOP cries of "arrogant" and

"slandrous" on Capitol Hill. Hunt, taking no part in that row, said:

"I would like to see Sen. Russell (D-Ga.) call either or both general to Capitol Hill to brief the Armed Services Committee."

Russell is the committee chairman who presided over the 1951 Senate investigation of the President's firing of MacArthur as Allied commander in Korea. Russell now is out of the city.

Hunt said he thought Congress should be "informed and consulted" at once if there is any new plan to end the war. He added:

"This is not a matter that I believe should wait until the new Congress convenes on Jan. 3."

The idea drew support from another committee member, Sen. Stennis (D-Miss.), who said he "would endorse the plan if Sen. Russell sees fit to call a meeting of the committee."

Stennis also declined to comment specifically on Truman's tart remarks about MacArthur and Eisenhower, but he said he disapproves of the way the whole matter has been handled.

"Someone ought to do some peacemaking and bring these men together," Stennis said. "There should be no controversy about whether and when to consider any plan to bring this war to an early and honorable conclusion."

"But it should have been discussed secretly and at high military levels before there was a public announcement that it might even exist."

Eisenhower, now en route back from Korea, has disclosed he intends to meet MacArthur in New York soon to discuss what lies behind the latter's declaration of Dec. 5 that "I am confident there is a clear and definite solution to the Korean conflict" without unduly heavy Allied casualties.

Clearing House Set Up By C of C To Help in Christmas Basket Plan

A clearing house for information on all Christmas charities in Washington C. H. and Fayette County has been set up again at the Chamber of Commerce.

The purpose this year, as in the past, is two-fold: (1) to make sure that every unfortunate family in the community is remembered at Christmas and (2) to minimize the possibilities of duplication which might mean that another worthy family is left out.

The plan, it was said, has worked out fairly well in the past and has become more efficient with practice.

It was made plain by Ed Kreider, the executive secretary, that the Chamber itself is not taking any part in the actual distribution of the Christmas baskets and that its only function is to provide the lists of deserving but unfortunate families.

He also emphasized that there is nothing compulsory about the plan or cooperation in it; that the clearing house system was set up to provide the means to help individuals and organizations spread their Christmas spirit where it is most needed and will do the most good.

Kreider said "so many people want to do something for someone else at Christmas time, but are at a loss to know how to go about it... this, we hope will help them."

A LIST of deserving families is now being compiled with the help of the county Welfare Department, school teachers and the Health Department. Like the Chamber, none of these has anything to do with the actual distribution of Christmas baskets, but they do know those homes that could be made a little brighter with a material expression of good will.

Word has come from the Fayette County Ministerial Association, the American Legion and its Women's Auxiliary, church groups, the Eagles Lodge and a number of individuals that they are looking to the Chamber's clearing house for guidance in the distribution of Christmas baskets. Representatives of these organizations plus any interested individuals, are to meet Monday at 10 A. M. at the Chamber office to go over the whole Christmas charity program. Before Christmas, the list of needy families will be divided among those who want to brighten some homes. In that way, it is hoped, none will be overlooked and none will get more than can be used.

Navy Gets Jet

COLUMBUS (AP)—North American Aviation's first production model of its FJ-2 jet fighter was accepted Thursday by the Navy. The swept-wing job, similar to the Air Force's F-86 Sabre, is capable of a range of 1,000 miles, can hit a speed of 650 miles an hour.

Freedom Crusade At Home Is Urged

DENVER (AP)—Laying a base for future foreign policy, two leading spokesmen for President-elect Eisenhower claim a crusade to make freedom work at home is essential to break the spell of communism abroad.

John Foster Dulles said last night something has "gone wrong" with American life. The incoming secretary of state called for a spiritual revival. He warned that "when enabling purpose goes out of freedom, it is easily displaced by false faiths, such as communism."

Dulles' speech, his first since

being named by Eisenhower, was recorded and played to both the National Council of Churches of Christ in the USA and to a nationwide radio audience. It closely paralleled one to the church meeting here 24 hours earlier by Sen. Henry Cabot Lodge Jr. (R-Mass.), designated ambassador to the United Nations.

Both called for a strengthening of the UN and said the international organization deters Soviet aggression. Both said discrimination in America must end because it threatens U. S. attempts to lead free world to durable peace.

Long-Awaited Dream Comes True For Pair

COLUMBUS, O. (AP)—A tall, red-haired Air Force sergeant jumped off the plane and swept the little girl whom he had never seen into his arms.

There wasn't a second wasted. Sgt. Raymond Larr of the Central Ohio hamlet of Adams Mills and Mariam Brown of Grundy Center, Ia., his 19-year-old bride, recognized each other immediately.

It was a long-awaited dream come true, the first step toward the happy ending of a courtship carried on by letters and pictures for a year and a half.

Sgt. Larr, who has been stationed in England, came by plane from New York. Mariam, a bookkeeper in Grundy Center, arrived earlier this week at the home of Larr's parents, Mr. and Mrs. Harvey Larr.

The two became pen pals in May, 1951, while Larr was stationed at Moses Lake, Wash. Since then the correspondence courtship flowered although the two never had an opportunity to meet.

The 20-year-old sergeant was the first person off the plane. The couple hurried to each other then the sergeant greeted his parents.

"Let's get lost," Larr suggested after posing for cameramen. The excited couple and his parents left for Adams Mills. They will leave next week for Grundy Center, where they will be married Dec. 21.

Aides Report Ike To Avoid Hot Argument

President-Elect Lolls In Hawaiian Sunshine, Shuns All Comment

HONOLULU (AP)—President-elect Dwight Eisenhower, relaxing in bright Hawaiian sunshine from his Korean tour and policy-shaping talks, was steering clear today of any fight between President Truman and Gen. Douglas MacArthur over a peace plan for Korea.

Eisenhower planned to play at least 18 holes of golf today on the windswept course alongside the sea at Kaneohe, the Marine Corps air station across Oahu Island from Honolulu.

He also planned talks with John Foster Dulles, secretary of state-designate, and Gov. Douglas McKay of Oregon, Eisenhower's selection as secretary of the interior.

Two close associates predicted Eisenhower would shun public controversy with the President. Truman Thursday called the Eisenhower mission to Korea a "piece of political demagoguery" and said it was MacArthur's duty as a soldier to report to the President if he has any plan for peace in Korea.

"Ike is not going to get into any quarrel with Truman," one of Eisenhower's close friends said.

"HE'S GOING to see Gen. MacArthur, as he said he would, to get MacArthur's views on the best way to bring peace to the Far East. He is not going to become involved in any fight over it."

"Ike will stand on the sidelines in the Truman-MacArthur affair," another associate said. "Truman has said some harsh things about Ike, but it's my guess that he (Eisenhower) won't make a reply."

The President virtually closed the door Thursday on proposals for a meeting with Eisenhower and MacArthur. He said he believes such a meeting would serve no useful purpose.

MacArthur implied last week he had a new plan for peace in Korea when he made a nationwide speech in New York.

In Washington today Sen. Hunt (D-Wyo.) proposed an immediate extraordinary session of the Senate Armed Services Committee to look into MacArthur's views. Hunt said he thought Congress should be "informed and consulted" at once if there is any new plan to end the war.

Eisenhower is relaxing after his three-day tour of the frozen desolation of Korea and his cruise aboard the warship Helena. On the ocean trip from Guam he buddied for long hours with heads of his new Republican administration, shaping policy for Korea and the Far East.

EISENHOWER played golf Thursday. He got a birdie on one hole, but took a nine on another. He kept his score to himself as he indulged in a half hour of practice shots afterward.

Indications are that the President-elect will leave Saturday afternoon for Travis Air Force Base, Calif. Officials at Travis said he was expected there at 2 a. m. (EST) Sunday, two weeks almost to the hour from the time he left Travis on his journey to Korea.

Part of Eisenhower's party left Hawaii Thursday night for the U. S. The group included Charles E. Wilson, secretary of defense-designate; Gen. Omar Bradley, chairman of the Joint Chiefs of staff; George M. Humphrey, secretary of the treasury-designate; Herbert Brownell, next U. S. attorney general; and Gen. Lucius Clay, a close friend of Eisenhower.

Superior Coach Executive Dies

LIMA, O. (AP)—Horace W. Potter, 54, vice-president of the Superior Coach Corp. of Lima died today in St. Rita's Hospital.

He came to Lima in 1944 after 27 years with the Packard Motor Car Co. in Detroit where he managed the custom car department, fleet sales and the marine engine division.

No Divorce Cases During Yuletide

HAMILTON, O. (AP)—The traditional step of Butler County Common Pleas judges to keep the Christmas season from divorces goes into effect after Friday.

Judges Peter P. Boli and Fred B. Cramer, in a joint statement today, said they will hear no more divorce cases until Jan. 9, 1953.

Red Skelton Scheduled To Undergo Knife

SANTA MONICA, Calif. (AP)—Suffering from a painful diaphragmatic hernia, comedian Red Skelton was scheduled to undergo surgery today at St. John's Hospital.

The ailment was diagnosed several days ago. Physicians at first thought they might be able to postpone surgery so the comic could resume filming his television shows.

However, friends said, the hernia permitted his stomach to push against his heart and lungs, causing breathing difficulties and other unpleasant symptoms.

Mrs. Georgia Skelton said her husband appeared jovial yesterday when "he finally made his decision to get it over with as soon as possible."

Dr. Stanley Immerman and three specialists will operate. The surgery is expected to take from 3 1/2 to five hours.

We just heard that a clerk in one of the stores here noticed the skirt of a 2-piece suit was missing. She immediately went to the office to tell her boss and he suggested that she return to her department and take the top part of the suit from the rack.

Upon returning, she discovered the top also had been taken from the rack during her absence.

Shoplifting is going on every day in stores all over the country. The loss in merchandise amounts to many thousands of dollars yearly. Most of the larger stores have trained police on duty at all times watching for the culprits.

But, it's during the busy Christmas season that heavy losses occur in many of the smaller stores.

Merchants and police officers here are giving more attention to the shoplifting problem this season. So, if any shoplifters read this, don't say we didn't warn you when you are caught.

CROP Canvass Progresses Here

\$395 Plus Collected
In Union Township

The canvass for grain or cash for the Christian Rural Overseas Program (CROP) today was just about completed in the second of the ten rural townships in Fayette County.

The eight members of the Union Township committee, headed by Miss Ann Story, made farm-to-farm rounds Thursday and when they had finished they had \$395 in contributions of grain, cash—and four chickens. And, there was still more to come, Miss Story said.

Those on the committee who made the canvass with trucks were Miss Story, Jerry Dray, Charles McCoy, Robert Willis, James Perrell, Robert Browning, Albert Caplinger, Fred Armbrust and Ronald Armbrust.

Three 4-H Club boys, who teamed up with Browning, worked out a unique plan that functioned efficiently, the chairman said, by using a car and a truck. Those in the car, she explained, went ahead of the truck to talk things over with the farmers. When the truck came along behind them, everything was ready to either load up the grain or pick up the cash. Browning's team mates were John Melvin, Roger Dorn and Joe Pope. At one farm, there was no grain, so the canvassers were given four big, fat chickens which were converted into cash later.

THE STORY BROUGHT back by the canvassers was about the same as it had been in Jasper Township, the first to complete the canvass—some of those asked to give were enthusiastic, some were apathetic and some were opposed to the whole idea of helping the hungry and destitute in lands overseas torn by world strife.

The contributions in Union Township, Miss Story said, were about half in grain and half in cash—plus the chickens.

The county's CROP fund in two townships—Jasper with \$310 and Union with \$395—plus—already amounts to more than the entire county contribution of around \$450 last year.

The Madison Township canvass is about ready to get under way now under the sponsorship of the Home Builders class of the Madison Mills Methodist Church. W. W. Montgomery is the chairman and Mrs. Bess Seaman is the first assistant.

Three trucks are to make the canvass, manned by their owners, Howard Hopkins, Arthur Schlichter and O. C. Knisley. Solicitors and helpers who are to go along on the trucks are to be members of the Willing Workers class.

Rev. Lester Taylor, the church pastor, is cooperating by helping acquaint the people of the community with the CROP operations and purposes.

The Madison Township canvass is to start at 9 A. M. Monday.

PLANS FOR THE canvass in Green and Jefferson Townships have been slowed down, but not stopped. Mrs. Doris Wipert, the county CROP publicist, said. Not enough solicitors and workers were given as the principal reason.

Mrs. Ralph Agle has been named the chairman in Jefferson Township. The canvass there is getting under way, after a belated start, Mrs. Wipert said. She added that it would be in full swing next week.

In Green Township, Rev. Marvin Schamaun, the chairman, reported that his appeals for helpers had met with only meager responses. Mrs. Wipert said she had learned that he has started the canvass on his own, but because he has three churches to serve and is still going to divinity school, his progress is slow.

Svend Peterson, the Ohio CROP director, was here Thursday checking up on the program and said he was "well pleased" with the work that has been done.

Since CROP is primarily a Christian and rural program, it

is being carried out almost entirely through Christian organizations such as churches and in the rural sections of the county. Some contributions of cash have come from city residents, but they are small by comparison with those by rural residents.

U.S. Applies Pressure To UN to Ban Spies

UNITED NATIONS, N. Y. (AP)—Sen. Alexander Wiley (R-Wis.) threatened the UN Thursday night with a loss of its biggest chunk of financial support—that from the United States—unless something is done to keep American subversives and spies out of the UN Secretariat.

But in making his threat, Wiley, who is slated to head the powerful Senate Foreign Relations Committee in the new Congress, made it clear he thinks a major part of the blame for alleged U. S. subversives still on the UN payroll lies with the American State Department.

Wiley said that congressional sentiment is building up to cut off U. S. money for the international organization "unless adequate security procedures have been worked out to guarantee that the UN and its organs do not remain a base for espionage and subversion."

The U. S. pays a little more than one-third of the UN bills and has contributed 560 million dollars to it since 1946.

Metropolitan Opera On TV in 31 Theaters

NEW YORK (AP)—When the Metropolitan Opera's famed golden curtain went up Thursday night, a silver screen audience coast to coast settled back to enjoy the telecast of Bizet's "Carmen."

More than 3,000 opera lovers at the Met itself were joined electronically by thousands of other patrons of 31 theaters in 27 cities.

Total seating capacity of the theaters was estimated at 60,000. Reports on attendance ranged from half full to capacity.

The closed circuit telecast (you couldn't see it on your home TV set) found a sprinkling of mink in some movie houses. But the bulk of the TV viewers wore their weekday clothes and a few brought the children. Popcorn was banned in many of the film palaces.

The met prices ranged from \$1.25 for standing room to an \$8 top. The theater scale was \$1.20 to \$7.20.

CRIS OF "BRAVO" at the Met echoed in the theaters, whose audiences behaved just about like that in the staid old house at 39th Street—some came in late, whispered a bit, applauded various numbers. Fading and fuzziness of the pictures was general, but the audience didn't seem to mind too much.

G. C. Murphy Store Employees Given Christmas Bonus

Employees of the G. C. Murphy Store in Washington C. H. participated in the firm's annual Christmas gift bonus distribution Thursday.

In commenting on the Christmas gift bonus plan, E. A. Grissinger, manager of the store here, said it has been in effect for over 25 years.

The Murphy manager in announcing the payment of the Christmas gift bonus to the store employees expressed his appreciation for their splendid cooperation and faithful service and at the same time hoped it would help make their Christmas season more enjoyable.

In addition to this Christmas gift bonus, the company offers its employees several other benefits which include a vacation policy, company paid life insurance, sickness and retirement benefits and a wage increment system based on service.

The Christmas gift bonus is shared by all employees, except officers and others in executive capacities, working 20 or more hours per week who have completed at least six months' service. Newly eligible employees receive \$5, and amounts range up to \$80 for those with 15 or more years of service.

Thirty-three employees in Washington C. H. received a gift bonus. A special Christmas gift was also sent to employees of the company now on military leave of absence.

A total of several thousand qualified employees in the company's 295 stores, the general offices and warehouse in McKeesport and the buying office and style center in New York City received a cash Christmas gift bonuses amounting to more than \$200,000.

The Nation Today

By JAMES MARLOW

WASHINGTON — MacArthur will have to explain, if any explaining is done, why he chose to say "there is a solution" to the Korean War in a public speech instead of quietly telling President Truman, President-elect Eisenhower or the Joint Chiefs of Staff.

Early on Friday, Dec. 5, the news came from Korea that Eisenhower, fulfilling his campaign promise to go there to look for a solution, had ended his visit and didn't think there were any easy answers. This may have been a disappointment to anyone who thought Eisenhower could provide a quick way out.

That night MacArthur made his speech before the National Association of Manufacturers in New York. He said he felt sure there is a solution. Eisenhower had gone all the way to Korea for a solution but said he found no easy one.

This can't be interpreted as an attempt by MacArthur, after learning that Eisenhower was offering no golden hopes, to rush in immediately on a more affirmative note.

MacArthur had written his speech at least one day before news of Eisenhower's Korean visit broke. Copies of the MacArthur speech were released on Thursday, Dec. 4, to be published in morning papers of Dec. 6, since he would deliver it on the night of Dec. 5.

It probably had been prepared before Dec. 4 because the NAM is not in the habit of inviting its main speakers at the last minute. But apparently only an accident in timing prevented MacArthur from getting nationwide publicity as the man who had a solution at the very moment when the whole country was waiting to see if Eisenhower could come up with one.

If the Eisenhower people had waited just one more day—until sometime during Saturday, Dec. 6—to break the news of his Korean trip, it would have been MacArthur, speaking on the night of Dec. 5, who would have been the main speaker in the morning papers of Dec. 6.

As it turned out, the news of the Eisenhower trip got so much prominence in the Dec. 6 morning papers, and required so much space, that MacArthur and his suggestion of a solution were buried on the inside pages of those papers which printed the story at all.

But MacArthur got back into the headlines quickly when Eisenhower, hearing that MacArthur says there is a solution, arranged to meet him and listen to his ideas. So MacArthur, who told Congress in the spring of 1951 that old soldiers just faded away, hasn't faded away after all.

Won't Obstruct Rep. Polk Says

He'll Be Democrat Among Republicans

Rep. James Polk, who will represent Fayette County in the lower house of the national Congress when he starts his new term next year, has given assurance that he will not be an "obstructionist" in the coming Republican-dominated session, although he is a Democrat.

Rep. Polk, a resident of Highland (near Leesburg in Highland County), won the Nov. 4 election from Leo Blackburn of Portsmouth, his Republican opponent, in what would be termed a photo finish.

Less than 400 votes separated the candidates after they had all been counted and certified as official. Blackburn asked for a recount in 100 selected precincts in which he said he thought discrepancies might be turned up. However, after he had gained only 11 votes in the recount of 77 precincts, he called the whole thing off and conceded the election of Polk by a margin of 349 votes.

Fayette County, true to its Republican background, gave Blackburn a majority of over 2,000 votes.

FAYETTE COUNTY has been in the seventh district, which has been represented by Clarence J. Brown of Blanchester, a Republican stalwart, for years. It was shifted to the sixth district by the state legislature at its last session when a redistricting of the state was approved.

Blackburn, a member of the state Senate, supported the redistricting. Rep. Polk had no voice in the controversy, but he said in a talk before the Business and Professional Women's Club here during the campaign, that he was opposed to it.

Rep. Brown was reelected to another term in Congress at the Nov. 4 election, but he will not represent Fayette County when the new Congress convenes, because it will be in the new sixth district represented by Polk, a Democrat.

How much this will affect political patronage here under the new Republican-dominated administration is conjectural. Rep. Polk's non-obstructionist policy might make a difference.

At his office in the nation's capital, Rep. Polk was reported by the Associated Press as having said he is not going to snipe at Gen. Eisenhower after he becomes president and that in Congress he will support measures he believes to be good for the country, regardless of whether they are Republican or Democratic origin.

After List Of Those At Nursing Schools

The Fayette County Professional Nurses organization is endeavoring to obtain a complete list of all residents of the county who are in nursing training school at the present time.

Most of the names have been obtained, but it is believed there are a number whose names have not been recorded. The girls in training or their relatives are asked to call Mrs. Susie Helfrich, or any of the registered nurses in the county, and report the names of

those now attending nurses training school.

Resources Board Changes Meetings

Departing from an established custom of holding monthly meetings in Columbus, the Ohio Department of Natural Resources Commission, beginning next spring, will hold at least two of their sessions at strategic locations in other parts of the state. This policy will be continued so that members of the Commission may conduct on-the-spot inspections of state properties throughout Ohio. These meetings will probably be two-day sessions, one day being reserved for actual inspection and progress observation work and the second day would be spent on routine work plus making recommendations based on observations from the first day's inspection.

Members of the Commission were unanimous in their opinions that they would be in a better position to make recommendations and pass judgment upon projects if they could personally inspect the areas. While the itinerary for this coming summer's field meetings has not been set up it is likely that one such meeting will be held in southern Ohio and the other in the northern part of the state. Beginning with Jan. 8, 1953 and continuing throughout next year, the Natural Resources Commission, with the exception of field meetings, will meet the second Thursday of each month in Columbus. The 100th anniversary of constitutional government in New Zealand was celebrated in June, 1952.

Sheriff Hays Back From Convention

Sheriff Orland Hays returned Thursday afternoon from a two-day session of the Buckeye Sheriffs Association at the Neil House in Columbus. Selby P. Gerstner, member of the association, attended the Wednesday session and Wednesday evening. Mrs. Hays and Mrs. Gerstner joined their husbands for the annual dinner. Always an outstanding event. The meeting of the association was one of the most successful ever held and the attendance set a new record.

A Good Time For Labor To Reorganize

There seems to be a serious movement on foot for a joining of labor forces of the CIO and AFL into one organization.

Under the right leadership this could become one of the most helpful moves for the good of the country, in recent history. All would depend upon whether labor leadership would pursue an entirely selfish course or whether it would join other progressive organizations of the nation in planning for the common good.

In the past, jurisdictional disputes between labor organizations have been one of the worst features in the division in American labor ranks. There has been a lack of uniform policy on many issues on fundamentals in spite of basic agreements.

With both AFL and CIO making new selections of presidents because of the passing from the scene of two noted leaders, the time should be here for a realignment of the two organizations into one responsible organization free of bickering and personality clashes.

Such a unification would have the advantage of presenting labor with a clearly expressed viewpoint which could be understood without reservations of qualifications from either sector. It would also make for complete labor responsibility for policies, so that no spokesman for the one group could evade his obligations by saying that his viewpoint was nullified by assertions from the other side of the house.

In the development of true maturity on the part of both industry and labor, this unity appears to be a necessary step. Eventually, it will come.

Mother's Cooking

Did you ever attend one of these modern-day cooking schools? Man or woman you should, they're interesting. The young women in charge have a way with food which is nothing short of marvelous. Armed with modern kitchen equipment which is largely automatic, and working with food fundamentals made possible by advanced processing methods,

they have no failures. Cakes never "fall," biscuits never soggy.

All this reflects greater credit on mother's cooking, mother in this connection representing housewives of another generation. Mother never had it like this. She earned her reputation the hard way.

In the first place she did not have a gas or electric range with automatic controls and timing devices. Mostly she cooked over a coal or wood fire regulation of which was a matter of experience. She worked with materials which were primitive. The meat was not aged, fruits and vegetables came almost directly from the soil.

Yet mother did a good job of it. A million family rows have resulted from the young husband extolling his mother's cooking. Mother kept her family well fed, there was always something available for the unexpected guest, and it was never necessary to send the children to the corner grocery for a can of this or a sack of something else to meet an emergency. Mother was a good cook. Given present-day supplies and facilities she would have been even better.

Where Are The Birds?

An amateur bird watcher in the East asks the question, sort of tentatively, whether there are fewer birds in the North this winter than in former years (he thinks there are) and whether this is an indication the winter will be a severe and long one.

Whether there is anything to this new method of foretelling the weather must await reports from other sectors as to the available bird population. If it is determined definitely that birds that ordinarily winter in the North are indeed scarce—presumably indicating they have gone farther South—and the winter turns out to be a hellbender, it may result in revision of the meaning of the term "birdbrain," now applied derisively.

It would be the joke of the year if it developed birds have more brains than people.

NEW YORK (AP)—I don't know how your family feels about it, but our family is boycotting the Social Register.

As far as we are concerned, the blue book can go and turn blue.

As a matter of fact, it has already turned black—with rosy stripes.

The 1953 edition has dropped Winthrop Rockefeller and his wife, Bobo, and to them we say: "Chins up, kids. Don't let it get you down. Life can still be gay."

Our own family isn't being dropped by the 1953 Social Register. We got darned good and sore at it when we found that there wasn't a single Boyle listed in the 1952 edition. To our further horror and anger we discovered there wasn't a Boyle listed in the 1952 Social Register of all cities—which, to the dictators who catalog the social dinosaurs, means only New York, Washington, D. C., Philadelphia, Chicago, Boston, St. Louis, Pittsburgh, Cleveland, Cincinnati, Dayton, San Francisco, Baltimore and Buffalo.

If you live anywhere between St. Louis and Death Valley, Calif. the presumption is that you dwell in a cave and eat peas with a knife.

I'll admit we Boyles were pretty shaken at first when the 1952 index of the socially accept-

able snubbed us altogether. We held a convention, and the hoary old patriarch of our tribe, dressed for the occasion in his best Sunday suit said despairingly:

"Hasn't a single one of us Boyles been caught loafing on the sands at Palm Beach, or lifting a pinky at a Newport tea?"

Well, the awful truth was, none had. We all were gainfully employed.

Then we got to thumbing through the 1952 Social Register and found it contained two pages of Robinsons, three pages of Johnstons, four pages of Williamses, five pages of Browns, and eight pages of Smiths (including five Smyths but no Snythes).

"Why it's simple," said our fine old tribal leaders. "Us Boyles have been outvoted by the hoi polloi. What Boyle wants to be smothered in all those Smiths? Let's stay out of that book altogether."

He pointed out that the blue book was down to 28 Roosevelts, 21 Rockefellers (only 20 now with Winthrop 'gone'), six Astors and five Vanderbilts.

It was explained to him that when a listee was caught standing on his head at the Metropolitan Opera, riding a horse into a hotel, or marrying somebody from the wrong side of the railroad tracks, he was dropped from

By Hal Boyle

the next edition of the blue book. "No wonder they are weeding out the old American families and getting swamped by Browns and Smiths," said our tribe leader. "If a fellow named Brown is picked up for copfinghting, they probably don't even bother to check their index. But a Vanderbilt? If he gets arrested, they ought to volunteer to go bail for him because he lends class to their book. But instead they just start rubbing his name out."

"That may be high society, but it ain't loyalty—and I say to heck with it."

So the Boyle family voted to boycott the blue book. And it will do no good for the editors to come creeping and crawling to us and saying, "please, can't we just put one Boyle in our next edition?"

We are going to put out our own social register. It will have 100 pages—99 pages of Boyles and one page for all the Goulds, Vanderbilts, Roosevelts, and Rockefellerers the New York Social Register throws away. The book will be emblazoned with the old Boyle family motto:

"If you can't join 'em—whip 'em at their own game."

There will be an extra fee for any Brown, Jones, Johnson, or Williams who wants to climb on our new society bandwagon.

McGranery's Attack on Corruption By George Sokolsky

When James P. McGranery was appointed Attorney General of the United States last April, I said in a radio broadcast:

"McGranery . . . is a likable person and a friend of mine, and although we have been on opposite sides of most questions, I would say that he will try to do a decent job . . ."

I immediately received a large mail attacking my judgment of the man. Yet, the fact is that he has established an enviable record of having restored the reputation of the Department of Justice as the law enforcement arm of the government. It would be too much to say that he has been able, in this short time, to clean out all the corrupt personnel and the incompetent time-servers

who settled down in safe berths over a 20 year period.

But for the first time since Harlan Stone was Attorney General (1924), the FBI has been properly used by an Attorney General. For 20 years, at least, this most effective agency of government, limited as to its functions by law, subordinate to the Attorney General, has diligently been gathering data on criminals, spies and subversives only to find that adequately prepared cases got lost in the Department of Justice.

James McGranery has resurrected many of these cases and either put them on the docket or if the statute of limitation had already run, he has handed the cases to Congressional committees for investigation. He has cooperated with the Chief Committee of Congress in this manner as he has with the McCarran committee.

It had been the habit of the Department of Justice heretofore to resist the search by Congressional Committees for data.

In the matter of American employees of the United Nations who are subversives or who engage in espionage, the Department of Justice did an amazingly swift and competent job since James McGranery became Attorney General. He appointed Roy M. Cohn a special assistant to ferret out these cases. Roy Cohn is one of a handful of lawyers who are expert in this field.

The story goes that the Federal Grand Jury ran away in this case and resisted interference by

the Department of Justice. It will be found, if the subject is ever investigated, that tremendous pressure was put on the Attorney General to drop the investigation of UN subversives and even to dismiss Cohn. However, Cohn remained on the job; the cooperation between the Department of Justice and the McCarran Committee was a wonderful example of team-work against subversives. Had a similar effort been made years ago, the spy Arthur Adams would not have escaped.

I once heard James McGranery say that he would not be Attorney General long enough to try the cases that need their day in court, but that before he left office, he would put them on the docket for his successor to handle. The case of Owen Lattimore is in point. Anyone who has read the full testimony before the Tydings Committee and the McCarran Committee must have felt that the confusions and contradictions required further investigation. I am sure that the Department of Justice deal with the Lattimore Case before a grand jury.

It would be wrong in the American sense of justice to assume that Lattimore cannot clear himself or that he is guilty of anything, even perjury, before it is so proved. On the other hand, when contradictions give rise to the assumption of perjury, the place to deal with the matter is not in the State Department or the President's Office, but before a Federal grand jury. This is now being done.

The Little Man Who Doesn't Remember

Diet and Health Tooth Decay Blame Now Placed On Diet

By HERMAN N. BUNDESEN

For thousands of years, people have been suffering from cavities in their teeth, and for a long time scientists have been examining them and asking "Why?" They have come up with many and varied theories.

One of the most plausible answers is that cavities are caused when starches and sugars are regularly caught in the teeth, becoming food for certain bacteria known as lactobacillus acidophilus. These bacteria produce acids which can destroy the enamel or hard surface of the tooth, forming a cavity.

Since cavities can be so painful and sometimes expensive, and may even cause considerable discomfort in other parts of the body, it is worth while thinking about some way to prevent them.

Here is one test that was made with a group of 500 university students. These people were instructed to brush their teeth within ten minutes after eating any food. A second group of students was told to follow their usual habits.

After two years, both groups were carefully examined, and it was found that a significant number of students who brushed their teeth after eating had fewer cavities than those who did not. Brushing the teeth after eating seemed to reduce the amount of starches and sugars in the mouth, and thus less acid was formed.

Another method found helpful is to apply sodium fluoride solution to the teeth and gums. This solution makes the enamel harder and more resistant to loss of calcium. The sodium fluoride can be applied by your dentist at yearly intervals.

Cavities have been reduced an average of 40 percent by this method, it has been found. The best ages for such treatments are at three, seven, 10 and 13 years.

Tests have also shown that when this fluoride is added to the community drinking water, the amount of cavities in the children can be reduced almost

33 percent on the average.

Fluoride drugs and intelligent tooth brushing can reduce our cavities, but for best results we must start early and keep at it.

QUESTIONS AND ANSWERS

R.S.C.: I have been suffering from bleeding gums. What is the cause, and what should I do for it?

Answer: Bleeding of the gums is due to lack of stimulation of the tissues and often to the accumulation of tartar around the teeth. The teeth should be scraped by the dentist regularly every six months for a short time. They

Burma Missionary To Speak Sunday At Christian Church

Laverne Morse, a missionary from Burma, is to speak at the First Christian Church here Sunday at 7:30 P. M. on the question: "Will Christianity or Communism Survive?"

Laverne Morse

He is the son of Mr. and Mrs. Russell Morse, who have been mis- sionaries in China, Tibet and Bur- ma for 31 years.

He was released only recently from a Communist prison after 15 months of solitary confinement and escaped to Burma. He finally joined his father and mother in Hong Kong and they came to the United States together.

Morse is now enrolled in the Cin- cinnati Bible Seminary, and is to be accompanied here Sunday by a group of students from the sem- inary, who are to have a part in the church services during the day.

Rev. Don McMillin, the pastor of the Christian Church here, said "his special message Sunday will be very revealing because he and his father have felt the full force of Communism. It will be a timely warning to America."

Waverly Hospital Chances 'Slim'

WASHINGTON (AP)—Chances are "very, very slim" the government will put up the money to build a 75-bed hospital in Pike County, O., a public health service official said today.

Officials there have asked the government to furnish 1 1/4 million dollars to build a hospital at Waverly, near which the Atomic En- ergy Commission is erecting a major production plant. "We just don't have that kind of money to spend," the official declared.

Features at the Theaters

Another swashbuckling Techni- color adventure is slated for the State Theater Sunday, Monday and Tuesday. Jeff Chandler, Scott Brady and Suzal Ball are in the star- ring roles.

The film is "Yankee Buccaneer" and brings to life, against the color- ful pirate backgrounds of the 1820's a little known but important episode of the United States naval history.

Nationally-famous vocalists Frankie Laine and Billy Daniels top the cast of Columbia Pictures musical in Technicolor, "Rainbow Round My Shoulder," slated for the same dates as "Yankee Buc- caneer."

Eight top tunes from Tin Pan Alley's list of perennial greats are heard in the new film Charlotte Austin and Arthur Franz are co- starred.

Another double bill is booked for Wednesday and Thursday. The first is "Lucy Goes Wild" with "Cuban Pete" completing the bill.

The stars of the double feature are Lucille Ball and Desi Arnaz, the stars of the television program, "I Love Lucy."

"Dark Command" is to be shown Friday and Saturday star- ring John Wayne, Claire Trevor and Walter Pidgeon with Roy Rogers, George Hayes, Porter Hall, Marjorie Main and Raymond Wal- burn.

The picture tells the story of the infamous raider, William Canteil whose exploits brought down upon territorial Kansans the epithet "Bloody Kansans."

RICHARD WIDMARK'S initial entry into comedy spotlights "My Pal Gus," which is coming to the Fayette Theater Sunday and Mon- day.

Co-starring Joanne Dru and Aud- rey Totter as the two beauties in Widmark's life, "My Pal Gus" is the warm-hearted humorous story of a father who tries to regain his son's affection.

With George Winslow, the six- year-old youngster with a fog horn voice, as the son there's nary a dull moment as he meets Widmark face to face in an unforgettable bat- tle of wits.

Filed in Paris and in southern France "The Green Glove" is booked for Tuesday and Wednes- day.

with Glenn Ford, Geraldine Brooks and Sir Cedric Hardwicke.

The story concerns an ex-GI who returns to France six years after World War II in search of a price- less jeweled gauntlet, called the Green Glove, once handed him dur- ing an air raid by a newspaper- man.

A double bill is booked for Thurs- day, Friday and Saturday. Tim Holt in "Desert Passage" will be the first feature shown. Co-starred are Richard Martin and Joan Dix on in a story about stage coach operators.

One of the most amazing true- life adventure films ever brought to the screen is "Under the Red Sea" is the other feature to be shown with "Desert Passage."

Photographed underwater on an expedition by Dr. Hans Hass and Lottie Berl, the presentation by Sol Lesser takes the public on a trip of exploration through the coral morass of the ocean floor. Such things as a close up view of the deadly fire fist, a nose-to-nose en- counter with a gigantic shark, an unexpected meeting with a pet Perch, unlike anything which bears that name in domestic waters, all have been captured on film.

Navy Completes Tests On Plane

WASHINGTON (AP)—The Navy said today its R7V-1 Super-Con- stellation, which it calls "Ameri- ca's fastest military air trans- port," has passed nine weeks of grueling strength tests.

To prove the structural strength of the 113-foot-long plane, engineers at the Lockheed Aircraft Corp. fac- tory in Burbank, Calif., loaded the fuselage with lead ingots and added external pressures until the bending forces equalled 175,000 pounds.

The R7V-1 has a turbo-compound engine—a piston engine with a supplementary jet engine using the exhaust gasses—which gives it a cruising of 340 miles an hour or more, 50 miles an hour better than the regular piston engines.

Although Paris is far up the River Seine, it is one of the largest ports of France.

Boy Scout Troop Selling Yule Trees

The Boy Scouts of troop 152, spon- sored by the First Baptist Church, have been wanting a sound motion picture projector for a long time. They want it so they can show films pertaining to Scouting with- out having to borrow one.

They have made some inquiries and found they could get one for around \$130 to \$150—if they had the money they need.

Came the Christmas season, and they could see nothing that looked like a film projector in Santa's sack with a "For Troop 152" on it, so they got together with the troop committee and came up with a plan they hope will at least help get the money they need.

The boys are selling Christmas trees to raise some money for the projector and other equipment they need for the troop.

They have 130 spruce trees that were shipped into them especially for this purpose. They put some on each of three lots in three different sections of the city—at 812 Colum- bus Avenue, the corner of Elm and Fayette Streets and on Clinton

Avenue just beyond the end of Court Street. They pay no rent for the lots.

Robert Bachelor is the scoutmas- ter of the troop.

Class Members Include Guests At Yule Party

The Faithful Classmates of the New Martinsburg Methodist Church met in the Grange Hall for their annual Christmas party with seventy members and guests present.

A bountiful covered dish supper preceded the party and long tables beautifully decorated with Christmas suggestions seated the group for a most congenial hour.

The president, Mr. Nathaniel Tway, called the meeting to order and round robin card was sent to Mr. Herbert Minshall, a former member who is a patient in White Cross Hospital, and a collection taken for the Larry Syford Fund.

Election of officers was held and Mr. Russell Grice was chosen as president; vice president, Mr. Win-

fred Morgan; secretary, Mrs. Kenneth Arnold and treasurer, Mrs. Chester Puckett.

Mrs. Nathaniel Tway was program leader and led in the singing of Christmas carols, accompanied by Mrs. Keith Zimmerman. Mr. Keith Zimmerman read the Christmas Story from St. Luke, and each person present told of the best or most unusual Christmas gift ever received.

Mrs. Frank McCoppin and Mrs. Chester Puckett were in charge of the Christmas gift exchange around a beautifully decorated tree.

The committee in charge of the event was made up of Mr. and Mrs. Russell Grice, Mr. and Mrs. Kenneth Arnold and Mr. and Mrs. Nathaniel Tway.

Club Members Honor Children At Yule Party

Mrs. Sheldon Grubb was hostess to the Sunny-East Home Demonstration Club for the Christmas party for pre-school age children of the members Thursday afternoon.

A brief business session was conducted by Mrs. Grubb, during which she appointed as a membership committee Mrs. Richard Waters, Mrs. Virgil Rice and Mrs. Frank Reno, and twelve members responded to roll call, naming their favorite Christmas carol. The next meeting was planned for December 22 at the home of Mrs. Don Wood, when chair caning will be the project.

The program, in charge of Mrs. Grubb, included the Christmas Story from St. Luke, read by Mrs. Don Wood, the singing of Christmas carols led by Mrs. Norris Crissinger, accompanied by Mrs. William Clarke, the singing of "Rudolph, The Red-Nosed Reindeer," "I Saw Mama Kissing Santa Claus," and "Winter Wonderland," by Mrs. Crissinger and her small daughter, Patti, with Mrs. Crissinger accompanying on the guitar and "A Christmas Prayer," read by Mrs. Grubb, the reading "Twelve The Night Before Christmas" by Mrs. Kenneth Horney.

Santa Claus then made his appearance and gifts for the children and adults were presented.

An exchange of Christmas cookies was held and later the hostess, assisted by Mrs. Walter Hyer and Mrs. Clark Pollard, served light refreshments.

850 More Soldiers From 37th Tapped

CAMP POLK, La. (AP)—Another 850 men from the 37th Infantry Division will be shipped overseas as individual replacements in January, officials said Wednesday.

It was the second quota for overseas duty announced this week, bringing to 6,500 the number of men attached to the former Ohio National Guard unit now assigned to other divisions. Officers said the new transfers would get Christmas leaves.

4 Miners Buried Alive

IPOH, Malaya (AP)—Four Chinese miners were buried alive recently when a cliff landslided into their mine and covered an engine shed in which they slept. A fifth man escaped with minor injuries.

It was the second such tragedy in the past few weeks in landslides caused by recent heavy rains. Four Chinese also were buried alive in the first disaster.

Mrs. McIntosh Is Hostess At Christmas Party

Mrs. Edgar McIntosh was hostess to twenty members of the Buckeye Garden Club at her home in Bloomingburg Thursday afternoon and eight guests when she entertained at the annual Christmas party gift exchange preceded by a covered dish luncheon.

The home throughout was gay and festive with Yuletide suggestions, and the beautifully wrapped gifts for the exchange were arranged around a decorated lighted tree.

The delicious luncheon was served buffet and the group found their places at one large table and smaller tables each centered with Christmas decorations.

The president, Mrs. Frank Slager, opened the meeting and Mrs. McIntosh led in the singing of the club song, "In the Garden," which was followed with the regular reports and a brief business session.

Mrs. Charles Hughes had on display a hand made Christmas door decoration and also a sand star, she brought from Florida which she described most interestingly in a legend.

The program was in charge of Mrs. Thomas Parrett who read an article on "Christmas In The Home," which was entertaining as well as instructive.

A gift exchange provided a most pleasant period, which brought the lovely event to a close.

Mrs. Jean Brown assisted Mrs. McIntosh in the hospitalities and guests included were: Mrs. Harry Friend, Mrs. Ray Larrimer, Mrs. Floyd Henkelman, Miss Florence Purcell, Mrs. Harriett Cutlip of Bloomingburg, Mrs. Dale Pollock of Mt. Sterling, Mrs. Paul Smith of New Holland and Mrs. Fathie Pearce of this city.

Bride-Elect Is Honored At Shower

Miss Lois Cherryholmes, bride-elect of Mr. Dwight Duff, was the guest of honor at a miscellaneous shower given by Mrs. Harlan Baird at her home on Wednesday evening.

Canasta provided entertainment for those present with prizes going to Mrs. Roger Acton and Mrs. Jim McClaskie, who in turn presented them to the bride-elect.

Miss Cherryholmes then opened her lovely array of gifts which surrounded a miniature Christmas tree and two tiny Santa's.

Later a salad course was served by Mrs. Baird, assisted by Mrs. Roger Acton.

Guests included were Mrs. Roger Grimm, Miss Betty Rowland, Mrs. Jim McClaskie, Mrs. Roger Acton, Mrs. C. A. Chrisman and the honored guest.

A bird closely allied to the whip-poor-will is found in the Western part of the United States and called the poor-will.

Pierces Hosts At Yule Party

A Christmas party was given for the employees of the Morris Five and Ten Cent Store this week by the manager of the store, R. W. Pierce and Mrs. Pierce. The party was held at the Pierce's home, 526 Rawling Street.

A Christmas tree was beautifully decorated and laden with exchange gifts for all of the employees. Christmas decorations were carried throughout the home.

A buffet supper was served with all the Christmas trimmings and included ham, baked beans, potato salad, potato chips, pickles, olives, cheese, cake, ice cream and coffee.

Those present at the party were Mrs. Nelson Secrests, Miss Rosalie Boldman, Miss Kathleen Stires, Mrs. Howard Deering, Mrs. Charles Kelly, Mrs. Art Bassett, Miss Rhea Clark, Mrs. Paul Elliott, Mrs. Will Everhart, Miss Mary Jo Reed, Miss Shirley Rumer, Mrs. Robert Engle, Miss Carolyn Michael, Miss Ruth Mathias, Frank Burris, Mrs. Howard Noble, Mrs. Leo Baughn, Mrs. Leroy Bennett, Mrs. Thelma Hooks, Miss Sue Ann Acord, Mrs. Chan Hyer, Mrs. Elva Ford, Mrs. Fred Miller and Keith and Holly Pierce.

Christmas Party Is Preceded By A Luncheon

A luncheon on Thursday at the home of Mrs. Everett Rife preceded the regular WSCS Church Day of the Good Hope Methodist Church meeting, Christmas party and gift exchange, with Mrs. Harold Bonecutter and Mrs. Virgil Garringer as the assisting hostesses.

The home was bright and cheery with Christmas suggestions and small tables seating the members for the serving of the delicious luncheon were centered with evergreen arrangements and red candles.

The short business session was presided over by Mrs. Virgil Garringer, president, and the opening devotions were led by Mrs. Thomas C. Braden, which included the carol, "O Little Town of Bethlehem," the Christmas Story taken from St. Luke and closed with prayer.

The usual reports were followed with a decision to send Christmas toys to the Archer Center in Tennessee and the program was also in charge of Mrs. Braden.

The opening carol was "Joy To The World," and a chapter was read from the Study Book, entitled "Let Every Heart Prepare Him Room," two contests, with Mrs. Harold Bonecutter and Miss Bernice Taylor as the winners, the

carol, "Silent Night" and the closing benediction.

A most pleasant period was the gift exchange and a social hour followed.

Mail Bag Club Holds Yule Party

Twenty members and seven guests of the Buckeye Chapter of the Mail Bag Club met at the home of Mr. and Mrs. Ernest Fout and daughter Elizabeth, Thursday evening for the annual Christmas meeting.

Mrs. Fout, president, conducted the short business session and the program was in charge of Mrs. John Penwell, which included two violin solos by Timmy Penwell, a Christmas poem by Mrs. Penwell, the Christmas Story found in St. Luke and the singing of Christmas carols.

Secret pals were revealed and new names were drawn for the coming year, and the highlight of the evening was the gift exchange which was enjoyed around a lighted Christmas tree.

Refreshments were served by the hostess, assisted by other officers, Mrs. Mae Wilson, Mrs. Lovey Riley, Mrs. Viola Jones, Mrs. Arlie Ashbaugh and Mrs. John Penwell.

Bunks are being provided on Australian naval ships in place of hammocks for the sailors.

Student Held In Cincinnati After Holdup

CINCINNATI (AP)—James Streeter, 19-year-old University of Cincinnati engineering student, today was charged with armed robbery in an early morning holdup of a gasoline filling station.

The young man, who lives in near-by M., denied the charge after being arrested within 30 minutes of the robbery.

Bernard Arszman, 36, operator of a station in the College Hill area of Cincinnati, told police \$44 were taken from him when he went to wait on a man who had driven into his place. The man wore a stocking over the lower part of his face.

After the holdup, Arszman was ordered to walk away.

Just then, a taxicab driver pulled in with his cab, Arszman said, and he held his hands over his head hoping the cabbie would grasp the fact he had just been held up. He also shouted "holdup."

Henry Christophel, 27, the cab driver, followed the holdup car and turned in a license number.

Streeter was arrested by Patrolman Joseph Cunningham and Henry Drescher some distance away. They said they found two pistols, bluish masking tape, \$32 in bills in a packet and \$19 in currency on the front floor of the vehicle.

Acting Detective Chief Patrick Hawes said Streeter will be questioned regarding holdup here and in Hamilton recently.

Hamilton Detective Adrian Bar-

ber said Streeter answered the description of a man who, at gun point, took \$35 from Ray Felenous, attendant at a Sohio service station on Middletown Pike, opposite the Hamilton fairgrounds, about 11 p. m. Wednesday night. Like in the College Hill holdup, the robber wore a stocking mask.

Piketon Opposes Highway Bypass

WAVERLY (AP)—The Piketon Council Wednesday night refused for the second time to sign a state highway department contract for a right-of-way for Ohio 23 through Piketon.

The highway is to be relocated to the eastern edge of the town as part of the state department's road building program in the Pike County atomic energy plant area. The road now runs through the center of town. The plans call for four access roads to the highway within Piketon, and Piketon officials say this number is not enough as many streets will be cut off from access to the new road.

Weatherman Hit; He 'Lost' Typhoon

TAIPEH, Formosa (AP)—The control Yuan—watchdog agency of the Chinese Nationalist government—today censured the weatherman, charging he lost a typhoon.

It declared Cheng Tze-Chung failed to properly chart the course of a disastrous typhoon, so that it struck Formosa Nov. 14 without warning. The storm left 161 persons dead or missing, 392 injured, 9,720 houses destroyed and 14,020 damaged.

New Drive Against Reds Planned

WASHINGTON, Dec. 12 — In the Truman administration's belated attempt to expose and eliminate Communist influence at Washington and throughout the country, Attorney General James P. McGranery is preparing a new drive against the insidious "fronts" which have enlisted so many respectable and patriotic Americans in Stalin's dirty work.

The Department of Justice compiled a comprehensive list of more than 100 of these organizations during the regime of former Attorney General J. Howard McGrath.

But the compilation was made in a hurried, hysterical and slipshod manner, largely to answer Congressional charges that the administration had been indifferent to this menace. It was a counteroffensive to the Hiss-Chambers revelations.

NEW LIST — This arbitrary method of Red-listing dangerous groups was condemned by the Supreme Court in a recent, unnoticed but far-reaching decision. When the Joint Anti-Fascist Refugee Committee of New York contended in court that it had been booked by the D of J without any hearing as to its status, the high tribunal condemned the government's procedure.

As a result, McGranery is making out a new list, and will create an administrative board which will hear any complaints by alleged "front" units that they have been listed wrongfully.

In order to comply with the Supreme Court's ruling, the FBI and other protective agencies are now combing the Communist "underground" as it has never been ransacked in the past.

DIFFICULT TASK — Unfortunately, the task of identifying and labelling and prosecuting Stalin's secret organizations has become more difficult because of the long delay in attacking the problem.

During the period when Truman was ridiculing the Hiss investigation on Capitol Hill as a "red herring," they have had plenty of time to disperse, to adopt a new false front and to hide their tracks.

Many of the liaison men with Moscow have escaped to Mexico, Caribbean and South American countries, where they have set up cells of anti-American activity and propaganda. These same areas were fertile fields for Hitler's agents before 1939.

SACB RULING — McGranery cannot release his new compilation, however, until the Subversive Activities Control Board

hands down a final and official decision that the American Communist Party is controlled by and responsive to the Politburo in the Kremlin. Until then, there will be no judicial procedure or effective machinery for defanging both active and merely sympathetic Reds in the United States.

After a stormy nine months' hearing, a SACB panel ruled in late October that the Communist Party in this country was an active agency which took orders and funds from Stalin. But this ruling cannot become valid until it has been okayed by the full board, which is headed by Peter Campbell Brown of Brooklyn, N. Y.

In view of the damaging evidence submitted to the panel by government investigators and lawyers, full approval is expected soon.

COMPREHENSIVE — Once SACB has acted, there will be a definite and comprehensive check, perhaps for the first time, on both the central Red group, as well as its social, economic and philanthropic "fronts."

All these units will be required to register and to make periodic reports on their financial contributions and expenditures, which will enable the federal police to maintain a vigilant watch on the Red network's ramifications. They can be penalized severely for the slightest violation of the law.

JUDICIAL — When the new method comes into force McGranery will forward to SACB the names of organizations alleged to be working openly or secretly on behalf of Russia. Then SACB, after a semi-judicial and open hearing, will decide whether the McGranery indictment is supported by the evidence.

Thus, seven long years after Russia's subversive operations against and within the United States were recognized and exposed, we will have in operation an effective but wholly judicial and American system for checking the Communists within our borders.

CONFUSION — It has frequently been charged that the United States has been confronted with

"crisis after crisis" since 1933. That gloomy word seemed to be a favorite with Roosevelt-Truman bureaucrats and politicians. It looks as if Eisenhower will banish it from the federal dictionary, however.

When the AFL-CIO labor chiefs recently conferred with him in New York City, the President-elect read the statement they planned to issue after the meeting.

"I note," he smiled, "that you say I am taking office 'at a moment of crisis.' I would prefer that you used the phrase, 'at a moment of confusion.'"

Who said that Ike wasn't a "politician?"

Some Lawyers Surprised By Press Stand

Proposed Photo Ban
Irrks Newspapers Who
Gird For Legal Joust

By REED SMITH
COLUMBUS, O. (AP)—The force of newspaper protests against a proposed ban on photographs during court sessions brought expressions of surprise from some Ohio attorneys.

Lawyers said the rule has been a part of the American Bar Association's canons of judicial ethics since 1937.

The Ohio State Bar Association last May asked the Supreme Court of Ohio to prescribe the picture ban for all courts in the state. The Supreme Court indicated it wouldn't act on the recommendation until next year.

The rule would prohibit cameramen from taking pictures "during sessions of the court or recesses between sessions." It was among 36 canons recommended by the state association for Ohio courts.

Bar association officials said courts in a number of states have adopted the canons.

They expressed doubt the ban would "materially affect the liberties of the press." They added newspaper protests "came as a surprise because this is not new."

Newspaper and photographers' associations warned the rule could lead to other restrictions on freedom of the press. Not all newspapers went along with the protests.

George A. Smallsreed, editor of the Columbus Dispatch, said the "proposed canon is subject to wide interpretation, depending upon the temperament of the court and the physical arrangement of various courtrooms."

He added it "could lead to other extremes, such as prohibiting pictures in corridors outside courtrooms or principals and evidence in any place as long as the trial is in progress."

Smallsreed is chairman of the Ohio Newspaper Association's Committee on Freedom of Information.

Norman W. Brown of New Philadelphia, president of the recently formed Ohio Press Photographers' Association, made similar comment. He said the rule would infringe freedom of the press and the public's right to full information on matters of general public interest.

The photographers' association approved a written protest to Chief Justice Carl V. Weygant of the Ohio Supreme Court.

"It probably will be next year before anything is done on the recommendation," Justice Weygant said. "We are not going to take action right away. A study of the matter must be made. The present term of court ends this month and there are cases already submitted which we must dispose of before the term ends."

Six judges serve with the chief justice on the state's highest court. The recommended canon reads: "Proceedings in court should be conducted with fitting dignity and decorum. The taking of photographs in the courtroom, during sessions of the court or recesses between sessions, and the broadcasting of court proceedings are calculated to detract from the essential dignity of the proceedings, degrade the court and create misconceptions with respect thereto in the mind of the public and should not be permitted."

A bar association official said the rule would be in the interest of court dignity and decorum. He said it would "take the pressure off the judge" by making it a standard of conduct for courts.

Justice Weygant said he never has experienced difficulty over picture taking in his court. Photographs are not allowed during court sessions but cameramen may take them before or after sessions if their subjects don't object, he said.

A Franklin County Common Pleas Court judge created a stir among Columbus newspapers last week by banning photographs during recesses of a murder trial. The court, like similar tribunals over most of the state, previously had banned pictures during sessions but had permitted them during recesses.

A bar association official said the power of judges to invoke the ban during court recesses virtually made adoption of the proposed canon a moot question — one without issue. Most newspapers didn't agree.

Swedish Vessel Sinks In Harbor

SAN FRANCISCO (AP)—The Norwegian freighter Fernstream sank inside San Francisco Bay today shortly after colliding with the freighter Hawaiian Rancher, but the Fernstream's crew escaped in lifeboats.

The crash occurred just west of Alcatraz Island in a murky fog and drizzle. The Hawaiian Rancher immediately flashed an SOS and the Coast Guard dispatched three rescue boats to the scene.

Crash Kills 31

TAIPEH, Formosa (AP)—A Nationalist Chinese Air Force transport crashed into a mountainside near Taipei Monday and killed 31 persons, including two women and three children.

The number of American tourists in Germany in 1952 is estimated at 200,000.

Sheriffs' Group Names Officers

COLUMBUS (AP)—Sheriff Ralph J. Paul of Franklin County was elected Wednesday night to head the Buckeye State Sheriff's Association for the coming year.

Paul will succeed Sheriff Howard C. Botts of Clinton County. Named to serve with Paul were

Harry Grossglus of Stark County and M. F. Rickenbrod of Ashland County, vice presidents; Charles Radcliff, Pickaway County, treasurer, and William McElroy, Licking County, executive secretary. John Bridenbaugh of Defiance County, Glenn Rike of Wayne County, Floyd Spiller of Preble, Dean Ellis of Washington, Harold Bidwell of Madison, Walter Galloway of Union and E. P. Long of Richland were elected trustees.

Ohio GOPsters Find Headache In Victory

WASHINGTON (AP)—Ohio Republicans in Congress are learning headaches go along with the advantages of being in the party of the majority.

It's been so long since the Republicans had to handle the inauguration of a president that most of them had forgotten what a chore it can be.

Harried workers find there are so many who want tickets and so few tickets to go around. This same situation prevails in other states as well, so the Republican National Committee has had to set up a quota system. One official has been named in each state to channel requests for tickets and to parcel out the duceats.

Republican National Committee woman Katharine Kennedy Brown of Dayton is the key figure in Ohio. She's working closely with state GOP Chairman Ray Bliss.

Republican headquarters here are very secretive about state quotas. One worker did disclose, however, that Ohio's quota for the parade on Jan. 20 is 466 seats.

An index, perhaps, of the desperation some congressmen are feeling under the deluge of requests is this excerpt from a weekly news letter sent to constituents by Rep. Frank T. Bow of Canton:

"Members of Congress are expected to be allocated seven tickets, as has been customary in the past. Needless to say, my seven have been spoken for long since."

37th Division Book Readied

COLUMBUS, O. (AP)—A new pictorial history of Ohio's 37th Infantry Division was ready for distribution today.

The history of the division, now in federal service at Camp Polk, La., covers the division's service in World Wars I and II, and re-

cities the story of campaigns which include the Meuse-Argonne, St. Mihiel-Verdun and Ypres of World War I, and New Georgia, Bougainville, Lyngayon Gulf and Manila of World War II.

The history is being published by the F. H. Heer Printing Co. of Columbus under a contracting calling for 11,000 volumes. Each volume sells for \$5.

Candidates In 1953 Must File By February 4

Change In Law Advances Date For Nomination Seekers

Several candidates for election to township, village and city offices in 1953 in Fayette County must file their nominating petitions with the Fayette County Board of elections not later than 6:30 P. M. on February 4.

Harold McLean, clerk of the board, has announced this change at this time so that those who are thinking of becoming candidates for any city offices in Washington C. H., or any village or township offices throughout the county, will not neglect this important step because of thinking that petitions for nomination on the fall election ballot will not have to be filed as was the law in former years, the first part of August, for the November election.

The change in the Ohio law became effective this year. It provides that in the "off" or uneven year elections such as will be held in 1953, the petitions must be filed 90 days prior to the second Tuesday in May which is the primary election date in all places where primaries are held.

Fayette County will have no primary election, all candidate being nominated by petition. This has been the case here for many years. There were formerly primary elections held in Washington C. H. before it changed its form of city government, but thereafter this city has nominated its candidates by petition the same as other places in the county.

There will be many primaries held in Ohio but this city is not affected.

The law provides that petitions for nomination to office must be signed by one percent of the voters in cities, townships or villages based on the vote in the last election for governor. A minimum of 25 names is required. There are some political subdivisions in Fayette County where 25 names is considerably more than one percent of the voters, but the law establishes this minimum number of signatures even though it may be more than one percent.

All candidates for boards of education, in all school districts of the county, as well as township and village officers are affected by this time change for filing petitions. The same conditions are required for city nominations here.

Home Is Wanted For Terrier Puppy Found On Street

The little black and tan wire haired terrier that Bobby Chase took home is a nice little puppy, but his father and mother, Mr. and Mrs. Roland O. Chase, have their fingers crossed as they hope someone will come and claim it pretty soon.

They are the Chases, who already have one dog, a black Cocker Spaniel, and its not too happy over having to share his home with an outsider, even if his little master did bring it in.

"Nothing has happened between them yet," Chase said and then went on to explain "because we have kept them separated." But, he continued, that can't go on indefinitely because the house just is not big enough.

Bobby, who is a member of the Cherry Hill schoolboy patrol picked up the terrier puppy Thursday noon when he saw it on the street, apparently lost. With a boy's natural attachment for a dog, just any dog, Bobby took it home—and there was the problem for the whole household.

Chase said the puppy was wearing a collar, but he couldn't make out the license number. He expressed the belief that the little terrier was somebody's pet and was probably being hunted, but he said he did not know where to take it and did not want to turn it loose in the city with its ever-present danger of traffic.

The Chases said they realized a story in the Record-Herald about the puppy probably would bring a deluge of telephone calls, but they don't mind that if the little lost dog gets a good home, either with its former owner or someone else.

Mrs. Sarah E. Evans Dies in Jamestown

Mrs. Sarah Elma Evans, 93, formerly of the Pleasant View and Grape Grove communities, died at the home of her daughter, Mrs. Henson Talbott in Jamestown at 11 A. M. Thursday.

Mrs. Evans had been in ill health the past three weeks. She had resided with her daughter for two years.

She was the widow of Charles Evans, who died in 1932. Surviving are two daughters and three sons, Mrs. Talbott, Mrs. Alvara Reed, near Springfield; Herbert and Adrian, of Bloomingburg; Otto of Grape Grove; eight grandchildren and 17 great-grandchildren.

Funeral services will be held at the Powers Funeral Home in Jamestown, Sunday at 2 P. M. and burial made in the Jamestown Cemetery.

Friends may call at the funeral home Saturday afternoon and evening.

\$600 Theft At Hospital Here

Valuable Microscope Is Stolen This Week

Search is being made for a thief who slipped into Memorial Hospital here some time after 11 P. M. Tuesday and stole a Spencer microscope valued at about \$600.

The instrument was in the laboratory and belief is expressed that the thief, probably a professional, slipped into the hospital, watched his chance and carried off the instrument without being observed.

Sheriff Orland Hays, who was notified sometime after the theft occurred, is looking for a suspect who was arrested in another city in Ohio a short time ago but was released on bond and promptly skipped it.

When the man was arrested he had three valuable microscopes with him, which police believe had been stolen.

Sheriff Hays has the name and a picture of the suspect and is taking all steps possible to apprehend him.

The door of the laboratory was not locked at the time, because it is necessary for employees to use it frequently.

Reports state that valuable microscopes and other instruments have been stolen from other Ohio hospitals and that all of the thefts point to the one man.

It is understood the microscope was insured.

State Hospital Attendant Fired

COLUMBUS, O. (P)—An attendant at Toledo State Hospital accused of responsibility for a fire at the institution last Saturday, has been fired for "drunkenness and incompetence."

Dr. J. E. Duty, superintendent, told the civil service commission he suspended Herman H. Ervin the morning after the fire, and ordered him discharged effective today.

The fire caused no injuries, but 50 women patients had to be evacuated.

The state fire marshal has prohibited use of electrical appliances in the hospital as a fire hazard. Ervin admitted he left an electric percolator on the wooden floor of his room.

Friends may call at the residence after 7 P. M. Saturday.

was presented next by both to the tune of Moonlight Cocktail."

Both were well received by the members of the Chamber and were called on to do an encore. They presented for that a tap clog to the tune of "Daisy."

Joanne Bock, another senior at WHS, was the accompanist.

Nancy and Kemp have been dancing together for about a year and have appeared in many school and 4-H programs throughout the county.

Ohio To Cast Its Ike Vote Monday

COLUMBUS (P)—Ohio's 25 electoral votes will be cast Monday in the House of Representatives after the electors are sworn in by Judge Edward S. Matthias of the Ohio Supreme Court.

They are duty-bound to vote for Gen. Dwight D. Eisenhower for president and Sen. Richard M. Nixon for vice president.
